Muertos Multiplier Megaways: Slot Overview

In its English translation, Muertos Multiplier Megaways by developer Pragmatic Play more or less equates to Dead Ones Multiplier Megaways. That might sound a bit grim until we remember Muertos Multiplier Megaways refers to the famous Day of the Dead celebration. The Mexican holiday is certainly popular in the gambling realm, with a large number of slots using it to add a dash of life and colour. Paradoxical, perhaps, since the holiday has a focus on death, but not so much since it's a positive celebration of family or friends who have passed away. Anyway, Muertos Multiplier Megaways is draped in Mexican cultural references, cliched or not, take your pick, and makes use of an intriguing progressive multiplier method to potentially power up wins. Players are brought to an anonymous Mexican village to experience Muertos Multiplier Megaways in. Colourful houses line either side of the panel, one side featuring a big floating donkey tethered to the roof by some rope. Sprinklings of skulls and candles allude to the popular celebration, but Muertos Multiplier Megaways isn't a slot which lets off a truckload of fireworks to mark the date. It's a bit more tasteful in that regard and is capped by an excellent guitar track fluttering effortlessly when the reels are idle, picking up the pace when they're spinning, and launching into full-on fiesta mode when free spins arrive.

In typical Megaways fashion, the gaming takes place on a grid made up of 6 vertically spinning reels and one horizontally spinning tracking reel. Taking into account the four symbols on the top reel, up to 7 symbols can land on each aligned column, producing 117,649 ways to win when fully expanded. Highly volatile, Muertos Multiplier Megaways comes with a range of RTP settings, with 96.03% being the preferred one - it drops a titch to 96% when buying free spins. Playable on mobile, tablet or desktop devices, bets vary from 20 p/c toR\$/€100 per spin.

A total of ten pay symbol types are present on the grid, forming a win when they land in adjacent reels starting from the leftmost side. Card suits start us off, where we come across hearts, clubs, diamonds, and spades, then guitars, nachos 'n dip, tacos, cacti, liquor bottles, and skulls. Hitting a six symbol winning way of suits gets you 0.5-0.6x the bet, or 0.75 to 5 times the stake for six of the remaining symbols. Wilds appear only on the top reel and are able to substitute for any regular pay symbol.

Muertos Multiplier Megaways: Slot Features

While playing Muertos Multiplier Megaways, be on the look for features such as tumbles, wild multipliers, free spins, and possibly a bonus buy.

Tumble Feature

After a winning way has hit, the symbols involved are removed from the reels by the tumble feature. Then, symbols remaining on the reel strip fall down to fill in all of the empty spaces. If the tumbling symbols create a new winning way, the tumble feature triggers again. When no new win appears, the next spin can occur.

Wild Multipliers

When wild symbols hit, they are allocated a multiplier of x2 or x3. This multiplier is stored to the side of the reels on a meter and applies to the current tumble as well as any future tumbles on the same spin. When new wilds hit, their multiplier values multiply the value already stored in the meter. The multiplier is reset to x1 at the start of each base game spin.

Free Spins

The chilli-covered symbol is the scatter, and landing at least 3 of them triggers the free spins round. Before the round begins, a random amount of free spins is generated. This could be 5-14, 6-14, 7-14, or 8-14 if triggered by 3, 4, 5, or 6 bonus symbols, respectively. If less than 14 free spins are displayed, players have the option of gambling for more on a wheel. If the gamble is successful, +1 free spin is awarded, up to a maximum of 14. If unsuccessful, all free spins are lost.

During free spins, a couple of things change. One is that following every tumble, the win multiplier increases by +1. Furthermore, wild symbols continue to be collected on the win multiplier by x2 or x3 as in the base game. However, in free spins, the win multiplier does not reset until the round is finished. Landing 2, 3, 4, 5, or 6 scatters in the feature triggers an additional 1, 2, 3, 4, or 6 free spins with no limits to the number of retriggers.

Buy Free Spins

If available, players may be able to buy free spins, randomly triggered by 3, 4, 5, or 6 scatter symbols for the cost of 100x the bet.

Muertos Multiplier Megaways: Slot Verdict

In a growing crowd of Day of the Dead-themed slots, Muertos Multiplier Megaways manages to stand out for a number of reasons. For one, interestingly, it's a bit more restrained, a bit more tasteful than these sorts of slots can sometimes be. Picking The Day of the Dead to build a slot around gives game makers the opportunity to go overboard with colourful subject matter. It's probably pretty tempting to pack a slot with related items like a stuffed piñata. Muertos Multiplier Megaways does a bit of stuffing, yet it's a slightly lower key than some of its competitors in some ways, though all the better for it.

Like the visuals, Pragmatic Play hasn't gone overboard with the features either, yet each part here has a role to play. As is usually the case, features like tumbles or win multipliers work okay on their own, but when brought together is when the real good stuff gets the chance to happen. An example of this occurred during one of the first free spins rounds when the win multiplier was sitting on x15, then a wild symbol hit, instantly bumping it up to x30. It's worth repeating that wild symbol multiplier values are not added to the win multiplier. Instead, each wild multiplies the win multiplier value, meaning it can quickly grow. Not always, of course, but the opportunity is there and leads to max win capabilities capped at 10,000x the bet.

If you're looking for a Day of the Dead slot that overwhelms you with visuals and a smorgasbord of features, Muertos Multiplier Megaways might not be quite the right match. Don't worry, though; Muertos Multiplier Megaways is no bashful wallflower. There are plenty of lively cultural artefacts here to experience, or cliches, depending on your point of view. However, for a well put together, relatively tastefully made slot, it might be just the right combination of Day of the Dead atmosphere and smart features to hit the spot.

Vladimir Putin viajará a Coreia del Norte esta semana para buscar apoyo militar continuo

El presidente ruso, Vladimir Putin, viajará a Corea del Norte esta semana en busca de apoyo militar continuo de uno de los países más aislados del mundo para la guerra de Ucrania impulsada por el Kremlin.

En su primera visita a Corea del Norte desde el año 2000, Putin mantendrá conversaciones cara a cara con Kim Jong-un en Pyongyang, donde los dos líderes prometen ampliar su cooperación de seguridad y económica en defiance de las sanciones occidentales contra ambos países.

Se espera que Putin llegue a Corea del Norte el martes con una amplia comitiva de ministros gubernamentales y asesores, incluyendo aquellos responsables del ejército ruso y la adquisición de armamento. Entre ellos se encuentran su nuevo ministro de defensa, Andrey Belousov, y Denis Manturov, su viceprimer ministro encargado del sector de defensa.

Colaboración en seguridad y economía

"El programa está muy lleno", dijo el asesor de la Kremlin, Yuri Ushakov. "Se dedicará una cantidad considerable de tiempo a los contactos informales entre los líderes, ya que estas negociaciones... contendrán las preguntas más importantes y más sensibles."

Se trata de un viaje raro al extranjero para Putin, quien ha limitado sus viajes internacionales a países amigos desde que lanzó la invasión a gran escala y se convirtió en el tema de una orden de arresto de la Corte Penal Internacional por la deportación masiva de niños de Ucrania a Rusia.

Corea del Norte ha suministrado a Rusia millones de rondas de municiones de artillería soviéticas como un salvavidas crucial para mantener la campaña militar rusa en Ucrania. El secretario de defensa de EE. UU., Lloyd Austin, dijo a los legisladores el mes pasado que los suministros de municiones y misiles, así como los drones iraníes, habían ayudado al ejército ruso a "levantarse".

Corea del Norte también ha proporcionado a Rusia misiles balísticos y equipos electrónicos utilizados en el esfuerzo de guerra.

En reciprocidad, se cree que Rusia ha proporcionado ayuda al programa satelital de Corea del Norte, así como otros brazos, asistencia económica y apoyo diplomático. Kim visitó el extremo oriente de Rusia el año pasado, donde se reunió con Putin en Vladivostok durante un viaje en el

que visitó una fábrica que produce cazas de combate modernos y el cosmódromo Vostochny. El ministro de defensa surcoreano, Shin Wonsik, dijo en una entrevista con Bloomberg News que Seúl había identificado al menos 10,000 contenedores sospechosos de estar conteniendo municiones de artillería y otras armas enviadas desde Corea del Norte a Rusia.

Esos contenedores podrían contener hasta 4.8 millones de proyectiles, dijo Shin. Los países de la UE han luchado por alcanzar la meta de entregar 1 millón de proyectiles de artillería a Ucrania en el último año, enviando solo la mitad de esa cantidad.

"Se espera que Putin busque una cooperación de seguridad más estrecha con Corea del Norte, especialmente en el suministro de municiones de artillería que son necesarias para aprovechar una oportunidad para ganar", dijo Shin a Bloomberg News.
